Pickerings is a long-established and fast-growing provider of high quality portable and modular buildings. In recent years we have seen an unprecedented demand from our customer for a growing and wider range of solutions.

As a result, we now offer our customers bespoke building solutions and associated products. With thousands of products available to hire we're ready to provide, whatever workspace you need – fast, and, if you want to buy, then we can do that.

## Our Mission, Vision and Values

We aim to provide the most modern temporary and permanent workspace to give people an inspiring, comfortable and safe working environment. Our Vision is to become the automatic choice in our markets and below is our company values:

### Trust and Integrity

We have integrity and authenticity in all our dealings and interactions "its what we do!"

### Health, Safety and Wellbeing

We put your Health, Safety & Wellbeing at the heart of all that we do.

### People First

We recognise the contribution everyone adds in making Pickerings and its people even greater.

### Pride and Responsibility

We have pride in striving to be the best, being responsible to our teams, communities and environment.

### Communication

We ensure two-way communication is a way of life.

## Modular Buildings

# Pickerings Education Range of modular buildings

*"The building quality, turnkey package and overall customer service provided by Pickerings was excellent"*  
School Site Services Manager

Introducing the new **Pickerings Education Range** which specialises in the hire, sale and lease purchase of temporary and permanent modular classrooms and buildings for schools and other educational institutions. It offers a fresh new look as well as being a fully compliant tailored product which will provide maximum security, comfort, and reliability for as long as our customers need them.

Using our education range, we can supply robust, secure, well-maintained buildings to your requirements. Our specialists can design a building layout to accommodate any number of people and to fulfil a whole range of applications such as: music rooms, storage rooms, common rooms, IT suites, science blocks, teaching rooms, school offices, changing rooms, toilets, D&T workshops, dining facilities, staff rooms and more.

Our Modular buildings can facilitate:

I.T Suites

Dining Rooms

WC Facilities

D&T Workshops

Science Blocks

Music Studio

## Pickerings+

The Pickerings+ range offers an all-inclusive service that enables you to hire all the furnishings, services and extras you need to create a full turnkey experience from one supplier.

**Our selection of Modular Buildings for Education:**

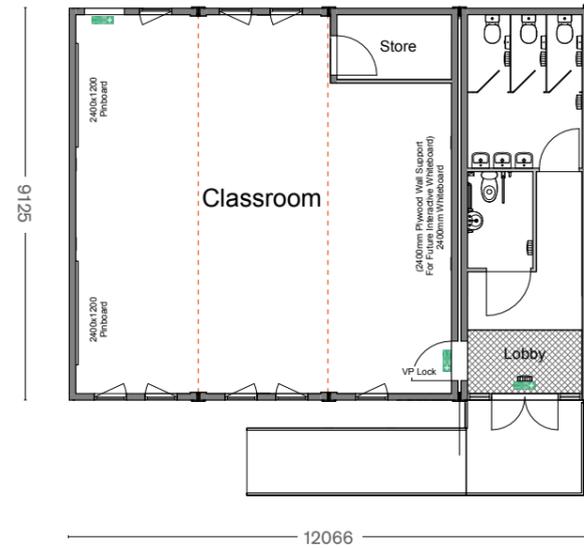

We have shown a selection of layouts from our Modular Education Range that are available to hire or buy nationwide.

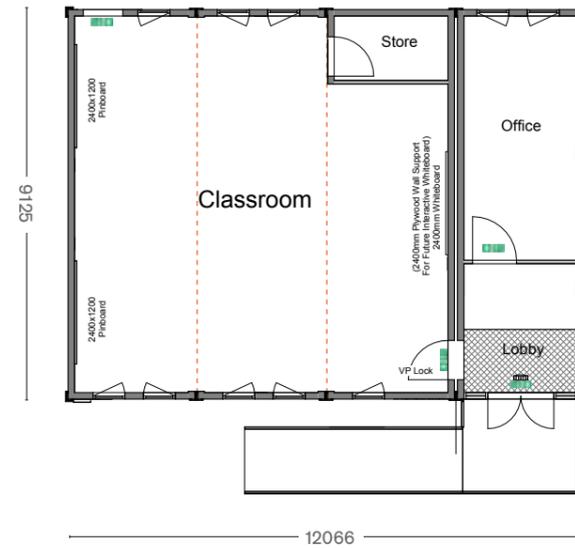

If you need a size or layout that is not shown, please contact us as we have many more products available, and we'll do our best to provide you with a solution to meet your requirements.

Due to our on-going product development layouts may change without notice, all sizes are nominal.

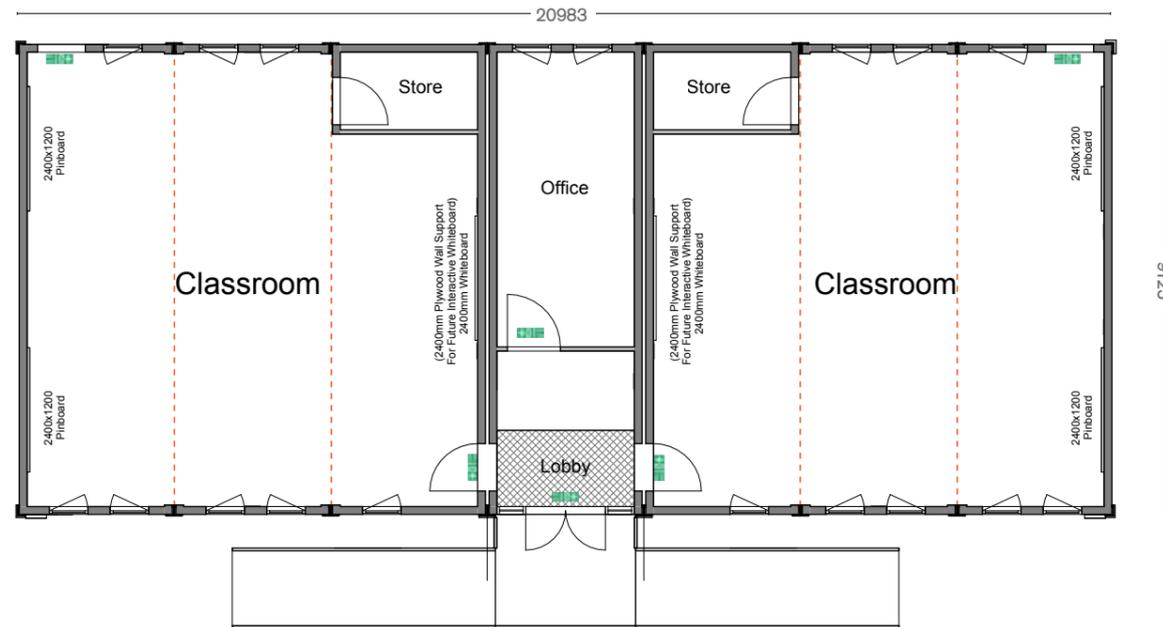

Single classroom with toilets
