## Baselight 320X

### FROM THE BASELIGHT X SERIES

The Baselight X series is a range of powerful temporary lighting solutions that are made for the world as we see it today. Relying on nothing more than lithium-ion battery power, the unit is the most environmentally friendly solution possible with no negative effect on the environment.

#### 45,000 LUMENS

LED light with minimal set-up and ongoing maintenance to allow work to commence almost immediately.

#### MANUAL MAST

Adjustable height from 1.2m to 4.3m.

#### 33KG UNIT

Easy transportable by a single person.

#### ERGONOMICALLY PLACED LIFTING HANDLES

Strategically placed handles for easy lifting.

#### ADJUSTABLE LEG HEIGHT

Adjustable height on each leg to provide stability on uneven ground.

#### CLIP-ON-OFF-ROAD WHEELS

All-terrain wheels for easy manoeuvrability, supplied separate.
